JACK DEMPSEY KNOCKED OUT LEVINSKY

Philadelphia, Nov. 6.—Jack Dempsey, the heavyweight, knocked out Battling Levinsky of New York, here tonight in the third round of what was to have been a six round bout.

Dempsey, who was the aggressor throughout, stopped Levinsky with a right hook to the jaw. The blow sent the New Yorker down for the count and he had to be assisted to his corner by his seconds. It was the first time that Levinsky ever was knocked out.

In the first two rounds, Dempsey followed his opponent all over the ring to try and connect with a hard blow and every time he landed his blows seemed to shake Levinsky from head to foot. In the second round, Dempsey nearly had the New York boxer out on a series of hard body punches which made him close in and hold on until the bell came to his rescue.

In the semi-windup Johnny Dundee of New York, light-weight, had the better of a six round bout with Gusie Lewis of Philadelphia.

STRANGLE HOLD NOT BARRED AT FRONT
(By Lieut. Earl Caddock.)

The qualities that make a good soldier, those that make a good wrestler, keep your mind and your body active; makes you think fast and wisely. Like boxing, wrestling, and games is what is beating the drum. Experience in boxing makes the soldier a better bayonet fighter; skill at wrestling will enable the man in khaki to ward off death when he comes to grips with the Boche.

Wrestling made a big hit with the boys at Camp Dodge, Des Moines, Iowa, where it was stationed for several months. With the aid of the Y. M. C. A., the K. of C., and the Jewish Welfare Board, we were able to put on a number of good shows. These organizations realizing the benefit the boys would get from the sport, urged me to arrange shows every other night if I could, and we had some interesting bouts. These agencies, together with the Y. M. C. A., the War Community Service, the American Library Association and the Salvation Army, which have gotten together in the United War Work Campaign to raise \$150,000,000, deserve the support of every American.

FINANCIAL AND COMMERCIAL

MARKET WAS PROFESSIONAL.
New York, Nov. 6.—Bullish feeling far more influential over today's stock market than any other factor, even the foreign situation being relegated to the background. Although the result of the congressional elections was in doubt, much of the buying was attributed to investment sources.

This was evidenced less by the strength of stocks than by the demand for bonds of various descriptions and grades, many of which registered highest quotations of the past year or two.

There were few noteworthy exceptions to the general trend, even the war section of the stock list displaying a liberal measure of strength, munitions and equipment closing mostly at gains of one to two points.

U. S. Steel, which has benefited from the pressure for the past fortnight, fluctuated on moderate dealings between 161 1/2 and 162 7/8, holding virtually all its advance at a net gain of 2 1/2 points.

Rails furnished the broadest and most convenient foundation, secondary or non-dividend paying issues responding almost as substantially as high class shares which were featured by Southern Pacific at the year's new maximum of 105 7/8, but all the smallest fraction of which was retained.

Shippings supplied a large percentage of the session's dealings. Marine preferred leadership of the 3 1/4 point rise in the hour when the balance of the market was at its best under guidance of rails and industrials.

Among the inactive equipment U. S. Steel Corporation was conspicuous for its gain of 6 1/2 points. Sales amounted to 875,000 shares.

The strength of the bond market on this most diversified index of the year was wholly due to raids in which speculative issues rose 1 to 2 1/2 per cent. Liberty bonds were firm, international becoming irregular after earlier gains. Total sales (par value) aggregated \$14,775,000.

Old U. S. bonds were unchanged on call, coupon 4 1/2 rising 1/2 per cent. on sales.
